SURVEYOR'S REPORT ON ROAD. Surveyor's Office, Belmont County, St. Clairsville, Ohio, July 2, 19 1. To the Board of Commissioners of Belmont County, Ohio: Pursuant to your order dated May 29, 1917. 19 , I make my report to you as follow in the matter of the Laying out & Establishing of the public road petitioned for by James H. McFarland and others. 1. My opinion is in favor of the granting of the improvement; but with the following changes, which in my judgment should be made, to-wit: The Road at present has heavy grades, and expensive to exintain, as it is cut down to only a ditch, especially through the coal basins. The road as proposed and shown is a most excellent change, only grade enough to give good drainage, is about the vacation of old road from the north right of way line of proposed road of station "O" to the forks of road as shown on plat along township line produced, as it would be of no further		County Ai	iditor.
