REPORT OF VIEWERS.

To the Board of Commissioners of Belmont County, Ohio:

In obedience to your order, issued at your Dec 5 session, A. D. 1890, we the undersigned, Viewers appointed under said order, met with Wm Lashon Surveyor, at Thos Kinney on 24th day of Nov 1891 and were severally sworn to discharge, faithfully and impartially the duties required of us in said order.

If any viewer is unable to attend, here state by whom the vacancy was filled.

Isaac Jarrett and L G Paucoast were selected by us as chain carriers, and E B White as a marker, who were also duly sworn.

We then proceeded to view said proposed Road on the line described in your order, and caused the same to be surveyed, "as prayed for in the petition, or as near the same as in our opinion a good road can be made at a reasonable expense, taking into consideration the utility, convenience, and inconvenience and expense which will result to individuals as well as the public," by the establishment of said road as follows:

Beginning in middle of road at end of Top Road and on line between Kinney and Frost on hill above Thos Kinney's house and proceeded in a westerly direction on north side of old road around the hill to its base near Frost's house as described in plat of surveyor.

In our opinion the alterations hereby contemplated under unnecessary the following described part of the original road, to wit: That part of old road between the beginning and termination of survey of new road.

We would respectfully report that the said Road ought to be opened for the following reasons:

The distance is about the same. The grade is improved, being reduced about 4° and a good amount of labor or expense would maintain a better road.

We have also determined that the public convenience requires that such Road shall be established thirty three feet in width.

All of which is respectfully submitted.)
